

Endorsement for IUSY Presidium

14/12/2017

To whom this may concern,

I am writing to formally endorse Antonia Verstappen from New Zealand Young Labour for the position of Asia-Pacific Vice-President on the IUSY Presidium.

On the 3rd of October 2017 the following motion was moved and passed unanimously by the Young Labour executive, in full knowledge of the current position.

“That New Zealand Young Labour endorse Antonia Verstappen to run for the position of Asia Pacific Vice President at the IUSY Congress 2018”

Antonia Verstappen has our full support, and we are proud of how she has been representing our organisation. We believe that she is a fantastic candidate for the position having been elected to the Presium at Council 2015, and always being a strong and active voice for our region. Antonia is also an experienced member of our organisation and wider political party. We hope that Antonia and New Zealand Young Labour will have the support of the IUSY World Congress in Montenegro.

Kind Regards,

Matt van Wijk
President
New Zealand Young Labour
