- 1 IUSY believes that one of the pillars of a modern, just, society is women's rights. These
2 rights must include women's rights over their own bodies. It must be the individual
3 decision of a woman whether or when to have children. Even in countries where
4 common practice leaves the decision of an abortion to the women the laws needs to be
5 clearly on the side of this fundamental right. On the other hand, governments should
6 aim to ease the access to contraceptives, to reduce accidental pregnancies and STDs.
7 Every year, almost 50.000 women worldwide die as a result of an unsafe abortion
8 where the healthcare system does not provide safe treatment. An abortion is in itself a
9 difficult situation for any woman, and therefore society should not put unnecessary
10 pressure on her by forcing her to perform the abortion under unsafe conditions without
11 support.
- 12 - IUSY emphasizes the importance of working towards reforms of abortion laws to
13 ensure women's rights over their own bodies.
