Motivation letter for Vice President (Asia Pacific)

Dear Comrade,
Warm greeting

It is with great pleasure that I am submitting my application for IUSY Vice-President (Asia Pacific).

I feel proud on contributing for the cause of socialism and democracy by involving in the student activism through our glorious organization, Nepal Student Union (NSU), Nepal. NSU is one of the major students' political wings of Nepali Congress Party in Nepal. Nepali Congress has its own distinct and great history which has built on the sacrifice of thousands of its committed, philosophy-oriented and progressive cadres who fought for the political and economic rights of people. Nepali Congress has rudimentary played significant role in the process of democratization of Nepal. It is the largest and oldest political party of Nepal. Its sister-organization NSU has relentlessly working for democracy, peace, justice, quality and good governance. Moreover, Nepali Congress is abiding by the Sustainable Development Goals (SDGs).

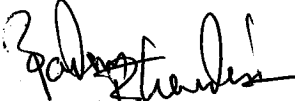

I have been working as an elected central member (Foreign Department) of Nepal Students' Union from the 11th National Convention held in 2016. I have been actively participating in different political movements in Nepal since early age. I have been looking for an opportunity to join an organization that agglomerates the vibrant youth leaders across the world in a common umbrella to work for universal welfare and shows strong commitment on solidarity. I am sure that my experience and knowledge can prove worth to the IUSY mission globally. To be a part of IUSY, I have been participated in various global conferences, festivals, and council. I am fascinated with this cosmopolitan platform because it has dug out meaningful efforts in understanding various political norms, multi-cultural diversity, and borderless youth connection. I have some action plan regarding youth engagement in developmental agendas; eradication of vulnerable social norms in third world countries; leadership developmental projects; commitment to SDGs, and so on, which has become an inevitable necessities in Asia Pacific region and I can lend my effort to implement these agendas as a Vice-President.

I am hopeful for your support and solidarity upon my candidacy in order to implement best agendas that can contribute globally. I believe collective effort can carve best trajectory to drive the competitive, solidified and vibrant IUSY. Therefore, I may become one of the key contributors to the IUSY.

"We are together all over the world to change it !"

Thank you for your time and consideration.

Socialist Regards,

Madan Bhandari
Nepal
