Miei cari compagni,

I'm writing this letter to inform you about FGS's decision to nominate Riccardo Galetti for the position of member of IUSY Control Commission.

During the last YES Summercamp we've established our role and reliability in the international community of brothers and sisters of socialism.

Riccardo is the spearhead of our organization, a neat and just person with a great experience in regulatory mandates (both in politics and in his occupation).

FGS wants to engage through him one of the most important jobs of internal democracy of IUSY, and we are sure to propose a person able to ensure the correct interpretation of our rules and statute, the financial management and in general the functioning of the independent commission.

Fraternal greetings,

Roberto Sajevo
Segretario Federazione dei Giovani Socialisti
