To whom it may concern,

I wish to express my full support in the submission of candidacy of Comrade Noa Neumark for the position of IUSY Vice-President.

Noa is a prominent activist and a true partner to the international socialist efforts to work together for change. Noa has been and active participant of Young Meretz for many years, leading and participating in various campaigns and initiatives, representing in her personality the fight for justice, equality and solidarity.

For the past 3 years, Noa has been representing Young Meretz in international delegations, including the Willy Brandt Center, the Kurt Lowenstein House and other. I am certain Noa will make a significant member in the IUSY presidium and in the young international socialist sphere.

With Solidarity,

Bar Gissin

Co-Chair, Young Meretz, Israel
