International Union Of Socialist Youth

-IUSY-

It is a pleasure for us to get in touch with you, regarding to the next World Congress to be held in February next year in Montenegro, as a member organization and according to the current statutes. Through this letter we wish to present and support the candidacy of Agustina Rodríguez Biasone, to occupy the position of Vice President of the International Union of Socialist Youth, in the period 2018-2020.

The Socialist Youth of Argentina, has been working with great commitment to strengthen the work of IUSY, we greatly appreciate the management that has been done for six years in the American Committee and for that reason, we understand that the best way to manifest our support with the marked course, is to present one of the leaders of our organization to strengthen and deepen the work that is being done.

The Socialist Youth of Argentina has shown its enthusiastic work for the participation in the different instances of IUSY, during the last years. In which our partner Pablo Lamberto has been honored with the responsibility of the Vice Presidency, actively participating in the Presidium. Our organization has been present in various IUSY activities: the Pool of Trainers group, the economic policy working group, the "Joint International Seminar on Progressive Economics" Seminar, where we participated in the creation of the "Political Economy Program", specifically coordinating the "Globalization and global development" section and the Student Group. We have also been present at the plebiscite for "La Paz in Colombia" in 2016, at the Global Seminar in Stockholm in 2016, we were present at a session of the European Committee, we have hosted the World Council 2017 in March of the current in the city of Rosario, we participated in the last World Festival, held in Albania in the month of June 2017 and we accompanied the Government School held in Peru in 2017 with outstanding delegations. Finally, we attended the last session of our American Committee in the Dominican Republic and we actively participate in the campaign "End Tax Evasion Now".

We have also brought the members and the actions of IUSY to our Youth, either in our Annual Socialist Youth Camps, in which more than 1,200 young activists of the JSA get together attending to different panels and activities where representatives of IUSY participated. As well as giving maximum diffusion and debate to the positions taken on global issues and the virtual campaigns carried out. This fluid exchange between IUSY and our organization served to strengthen our commitment to the International Union of Socialist Youth - IUSY - understanding that our struggle for equality and democracy goes beyond borders.

Regarding to the postulation, Agustina Rodríguez Biasone has been an active militant in different organs of our organization, currently serving as Secretary of the Socialist Youth of the Province of Buenos Aires. In addition, Agustina has been responsible for organizing different activities of the JSA, especially in relation to the Friedrich-Ebert-Stiftung Foundation, managing to organize numerous seminars on a wide range of topics. Likewise, it is part of the gender group of our organization, from where great transformations for the JSA took place, having as a most important milestone the sanction of parity in our youth statute.

In relation to the above, is that the Socialist Youth of Argentina has decided to submit the candidacy of the companion Agustina Rodriguez Biasone for Vice President of IUSY.

We have no doubts in affirming that Agustina is an extremely committed and professional militant; who gather the necessary conditions to carry out this work that frames driving qualities and a strong spirit of teamwork. Knowing her performance and her vocation of commitment, I emphasize that she will be able to carry out initiatives that push transformations where young people reach a fundamental role in the construction of a more solidary and just community in the whole World.

Without another particular, fraternally.

Marcial SORAZABAL

General Secretary

Youth Socialist of Argentina.
