1 For several years the international community was waiting for the Trump Administration to
2 release its Middle East Plan. Now that the document is out and the contents made public it has
3 become clear that the US vision for Israel/Palestine is one of Apartheid rather than one of peace,
4 a vision that contradicts the minimum requirement of a rules-based world order. The plan does
5 not only humiliate Palestinians and the international order, but aims at consolidating racism and
discrimination against the Palestinian citizens of Israel that compose over 20% of Israel’s
6 population. It is no longer acceptable for any party not to take actions to implement
7 international fulfill the long overdue inalienable rights of the Palestinian people and achieve a
8 just and lasting peace for Palestine, Israel and the rest of the Middle East Region.
9 Merely criticizing the Trump Administration and the extremist Israeli Government is not
10 enough. Reiterated statements for over half a century have not changed the fact that Israel’s
11 occupation has been made profitable for Israel and the companies that work with them. It is in
12 this context that we fully support the work for justice in Palestine that takes place in
13 international organizations. At the eve of a further plan of annexation of occupied Palestinian
14 territory, we make a call for actions to be taken by all our member organizations in order to
15 keep hope alive and save the prospects of peace, including:

17 • To make use of the recently released UN Database of Companies involved with
18 Israeli settlements calling upon the respective governments not to make any deals with
19 those companies until they respect international law.

20 • To take local action for the boycott of all Israeli settlement products, including services.

22 • To support the work of the International Criminal Court (ICC) and its investigation on alleged war crimes, crimes against humanity and crimes of aggression being committed in the State of Palestine on the 1967 border. In this regard IUSY fully condemns the six countries that presented objections to the ICC in order not to investigate crimes committed in Palestine (Austria, Australia, Czech Republic, Hungary, 27 and Germany), and particularly the case of Germany, the only of those countries with a social-democratic foreign minister that prioritized impunity of Israeli war criminals over the justice and freedom of millions of Palestinians.

30 • To reiterate our call for all governments who haven’t recognized the State of Palestine on the 1967 border to do so as soon as possible.

32 IUSY resolves to send a facts finding mission to the occupied territory of the State of Palestine, including East Jerusalem, as well as to the Syrian Golan Heights as well as to the State of Israel, in order to evaluate the situation on the ground, meeting with all relevant parties, including 35 Palestinian citizens of Israel, and proceed with follow up action in all levels in order to ensure 36 the implementation of international law and relevant UN resolutions for the benefit Israelis,

37 Palestinians and the rest of the region.
KINDLY NOTE THAT THE LATEST DEADLINE FOR SUBMITTING RESOLUTIONS TO THE IUSY SECRETARIAT IS 17 FEBRUARY AT 23:59 CET. RESOLUTIONS MUST BE SENT TO congress@iusy.org
