Harun Muharemovic,
Running for Vice-president

Dear comrades,

My name is Harun Muharemovic, member of the Danish Social Democratic Youth. I am the president of the international committee of the Danish social democratic youth and I am the network coordinator for young local and regional counselors, which is a network under the young European socialists.

For me international cooperation has always been an essential part of any political organization and its work, because I believe that solutions to many issues around the world are best solved through international cooperation.

If you give me the great honour of being a one of the IUSY vice-presidents in the upcoming mandate, my project for the next two years is that IUSY has to work and push for a renegotiation of the international trade agreements between different states or supranational organizations such as the EU. We have to push for the trade agreements to oblige countries not only to trade, but also to oblige each other to work for a greener future, to fight social and economic inequalities, to fight tax evasion and so on. Through workshops with different stakeholders and through qualified debates and discussions we will give our solutions on how trade agreements are going to be for the benefit of all persons and not for the big companies and the richest people of the world.

In the hope of a better future for all,

Harun Muharemovic, ssDanish Social Democratic Youth, Denmark
