<b>COUNTRY/ PAÍS/ PAYS/PAÍS:</b>	LEBANON

**NOTE:** Please number each line!

1.Dear member organizations,

2.After the war in Gaza stopped following a truce agreement— which included a ceasefire, the  
3.release of hostages in phases, and the start of negotiations over the future of Gaza — Israel  
4.broke the deal. Despite releasing some hostages, it violated the internationally-backed truce  
5.and resumed its military operations, ignoring the agreement brokered by Egypt, Qatar, and  
6.supported by the United States.

7.This war has caused the death of tens of thousands of people and left many others severely  
8.injured or disabled. It has led to famine, the spread of deadly diseases, and the destruction of  
9.hospitals and homes. More than two million Palestinians were forcibly displaced. Many others  
10.were arrested and tortured in Israeli prisons. All these actions are serious violations of human  
11.rights and of a people's right to self-determination.

12.The Progressive Youth Organization strongly condemns the systematic attacks carried out by  
13.Israel, which amount to genocide and crimes against humanity in Gaza — as well as in the  
14.West Bank, where Palestinians face constant violence and land theft through Israeli settlement  
15.plans.

16.The Progressive Youth Organization reaffirms its historic and unwavering support for the  
17.Palestinian cause, for the right of the Palestinian people to live with dignity on their land, and for  
18.their right to decide their own future. We call for all forms of support — public, political, and  
19.diplomatic — and demand serious, effective action, not just symbolic words.

20. We demand clear international condemnation of Israel's actions, pressure to stop the war, allow  
21. humanitarian aid into the besieged Gaza Strip, end the attacks, and move toward a real two-  
22. state solution — the only just, realistic, and achievable path supported by the Arab world.

26. This is not just about Palestine. It's a matter of global conscience. If the world allows Israel to  
27. kill tens of thousands of people without real consequences, it opens the door for such crimes to  
28. happen elsewhere. That's why we must unite, speak out, and pressure governments to take  
real action in every international forum.
